

# COMPLEXITY MAP

## ART + SCI +TECH

BY DR CVETANA IVANOVA

**COP MEETING 24 JAN 2024**

Step 01 | what are you interested in?

**ART+SCI+TECH NEW KNOWLEDGE PRODUCTION**

- a| within existing knowledge production framework?
- b| set up New Knowledge Production framework?

Step 02 | please underline the Helix (Helices) where organization operates?

**COMPLEXITY MAP | WHAT IS THE CONTEXT ?**

within THE QUINTUPLE HELIX OF INNOVATION

Academia - Government - Industry - Society & Culture - Ecology

Step 03 | please define the scale of the project (1.2.3.) you would like to be part of?

**COMPLEXITY MAP | WHAT IS THE SCALE ?**

- a| within one host organization +CoP members (PANEU)
  - one off research project
- b| network of all CoP organizations (PAN EU)
  - one off research project / service
- c| network of all CoP organizations + EUGov (new policies)
  - sustainable process / service

Step 04 | please underline the Helices (A,G,I, SC,E) you would like to be involved in the project that you will be part of ?

**COMPLEXITY MAP | STRATEGIC FRAME**

within THE QUINTUPLE HELIX OF INNOVATION

Academia - Government - Industry - Society & Culture - Ecology

Step 05 | please define your type of motivation - type of work you will be part of?

**COMPLEXITY MAP | NATURE OF THE PROCESS**

defined by personal & professional MOTIVATION

**A - Personal Development**

- upscale personal professional skills
  - a) take part in art+sci+tech research project and gain new skills
  - b) lead art+sci+tech project within your organization
  - c) host an art+sci+tech project

**B - Organizational Development**

- cross-sectoral approach and CoP Network
  - a) b) c) from step 03 /Scale

**C - Trans-Disciplinary Network (all CoP members)**

- a) mapping a new context for New Knowledge Production & Communication
- b) map & operationalize

Step 06 | please provide the list of details that will represent your role on the Complexity Map ?

**COMPLEXITY MAP | ORGANIC FRAMEWORK**  
relationship nodes defined by methods of interaction

**NAME** .....  
**ORGANISATION**.....  
**ROLE (professional background & current activity)**.....  
.....  
.....

Step 07: what are your objects/subjects/topics of interest you would like to work on?

**OBJECTS OF INTEREST | TOPICS, SUBJECTS, FIELDS | NODES (A)**

nodes represent the objects of interest, while the edges represent the connection between them.  
Nodes can be of the same or different category within the complexity map

Step 08: please define what is the type of your art+sci+tech expertise and the list of projects where you applied / are applying it?

**BUILDING BLOCKS | EXPERTISE & PROJECTS (completed & ongoing) NODES (A)**

.....  
.....  
.....  
.....  
.....

Step 09: please define what are the Values & Virtues you want the project to be focused on?

**CONNECTED OBJECTS | VALUES & VIRTUES | NODES (B)**

research advancement & ethics

.....  
.....  
.....
